PROFESSIONAL SUMMARY

Product Engineer and Founder of OneZeroLabs with experience building SaaS products for institutions and businesses. Built and deployed SAAME for MLA Academy of Higher Learning, used by faculty, administrators, and parents in daily operations. Skilled in product development, backend systems, workflow automation, and taking products from idea to production.

EXPERIENCE

Founder & Product Engineer · OneZeroLabs, Bengaluru (2025 – Present)

- Built and deployed SAAME (Smart Attendance & Academic Management Ecosystem) for MLA Academy of Higher Learning.
- Managed live portals: mlaahl.online, admin.mlaahl.online, and parents.mlaahl.online.
- Designed the system using Node.js, Express.js, and MongoDB.
- Built Android apps with real-time absence notifications using Firebase.
- Built an AI chatbot for attendance and student data queries.
- Reduced manual work by 60%+ through automation and reporting dashboards.
- Built business websites for clients with SEO improvements and better lead generation.
